Why CrewBrain?

- ✓ **Centralized Communication:** Say goodbye to WhatsApp channels or text message group chats. CrewBrain ensures that every employee or freelancer gets notified about their assignments and shifts. Comments and job-related info can be easily shared and made visible to everyone when needed.
- ✓ **Task Management Made Simple:** Assign tasks with ease so everyone knows exactly what to do and when to do it.
- ✓ **Simplify Your Planning:** CrewBrain gives you a clear overview of all your projects with flexible calendar views. Even absence planning becomes a breeze.
- ✓ **Advanced Time Tracking:** More than just clocking in and out – CrewBrain calculates everything, from base salary to surcharges and allowances. Exporting data to your payroll system is easy with CrewBrain's OpenAPI implementation

Bye, bye Google Calendar, Excel and Text Messages.

"Since switching to CrewBrain, we've cut the time spent on project and staff planning in half. The clear structure and handy features, like expense reporting, have made our daily work so much easier.
